MEMO FOR: Mr. Duckett  
SUBJECT : Miscellaneous Items

1. Midcareer Course Vu-graphs

25X1A

Attached is a list of vu-graphs you used at the last Midcareer presentation in April. Have discussed with [REDACTED] the possibility of making some new vu-graphs. Chuck is now working on two but we would appreciate your views on this. Realize also that you may wish to discard some vu-graphs used last time and replace them with others. The next Midcareer presentation is Wednesday, 26 July.

25X1A 3. [REDACTED] Gift

25X1A

Bernie is working on some sketches for a painting to be given to Peter as a going away gift from DDS&T. We would appreciate your selection of the most appropriate sketch by Friday. Perhaps then [REDACTED] could be invited to attend the next Staff meeting on Thursday, 27 July for 5-10 minutes, at which time you could make this presentation to him.
